## PREAMBLE

### Who We Are

---

King's Court Boston is a 420-friendly private members club and sanctuary for artists, patrons of the arts, and anyone who believes in the power of community, culture, and creativity.

By day, we are a creative third space: an Amsterdam-inspired lounge and gallery where members gather to connect, collaborate, and create. We host rotating art exhibitions and celebrate art in all of its forms, honoring every artist's unique method and the creative freedom that drives their work.

By night, King's Court comes alive with member events spanning comedy, music, and immersive social experiences — a community-driven institution, not a public events club.

Founded on a by-artists-for-artists ethos, at the heart of everything we do are our founding values:

**Be Loving.**

**Be Accepting.**

**Be Peaceful.**

**Be Present.**

**Be Real.**

**Be Creative.**

**Be Patient.**

These are not merely words — they are the standard we hold ourselves to and the culture we ask every member to carry through our doors. Membership is open to those who share that vision.

## PART I — MEMBER ETHOS

---

### 1. LOVE

King's Court Boston is an institution founded on the belief that all people are created equal, and deserving of patience and acceptance. We believe that all people have the right to life, liberty, and the pursuit of happiness. This is not an abstract principle — it shapes how we greet one another, how we resolve disagreement, and how we show up for the people around us. At King's Court, you are not a stranger. You are a member of something. Love is not a posture — it is the operating principle of this space.

### 2. PEACE

To be a member of King's Court Boston is to understand that peace is a practice and an obligation — not a default state, but an active choice made every time you walk through these doors. We recognize that conflict is a part of life. What is never acceptable is violence. Aggression, intimidation, and threatening behavior have no place here. Members are expected to model restraint, extend good faith to others, and seek resolution through conversation rather than confrontation. Violence in any form, directed at any person, will result in the permanent termination of membership.

### 3. ART, COMMUNITY, AND CULTURE

King's Court Boston is a place for artists and patrons of the arts — and we believe those two things are one and the same. Every person who walks through our doors carries within them the capacity to create, to imagine, and to contribute something meaningful to the world around them. All people are artists. We are here to honor that. We exist to grow community, to deepen culture, and to nurture curiosity — to build an environment where creativity and human connection are not the exception, but the expectation. King's Court Boston is where that environment lives. From your pen to the stage — be, and allow yourself to grow.
